Top 10
Pool approval leads 1988 list

One might think it a slow year for news in Federal Way when the top story for 1988 was the filings of a suit on the ground in West Campus.

Locks can be deceiving, though, as that bane in the ground eventually will give Federal Way a global reputation.

When locks fail, that time Federal Way may finally become a city.

In keeping with newspaper tradition, here are the top 10 stories of 1988 as selected by the Federal Way News, with special emphasis on events of widespread and lasting significance to the community.

1 Pool approval — Pool approval leads the top stories for 1988 as selected by the Federal Way Group. With the approval by the Federal Way City Council of the Federal Way Games pool under construction and the new 25-meter indoor pool under construction at Southwest Campus Drive will attract the attention of the community. The project is expected to be completed by the end of 1988. The pool will be located near Federal Way.

2 Growth — A new form of growth in Federal Way will break ground this year. Federal Way plans to build a new elementary school and a new middle school. The new schools will be located on the southwest corner of Federal Way Boulevard and 310th Street.

3 City criticism — City criticism will be a trend in Federal Way by 1990. The city received criticism from the federal government, the state government and the media. The city's response was to apologize and to make changes to improve the city.

4 School planning — The Federal Way School District has started planning for the future. The district is looking at ways to improve the quality of education for students. The planning process will take place over the next few years.

5 Building permits — Building permits will be issued for new homes in Federal Way. The city is expected to issue more than 1,000 building permits in 1988. The permits will be issued for new homes and businesses.

6 Federal Way incorporation attempt — The Federal Way Incorporation Committee will file a petition with the King County Superior Court to incorporate Federal Way as a city. The committee is expected to file the petition in early 1988.

7 Federal Way police — Federal Way police will investigate a shooting at SeaTac Mall.

8 Federal Way schools — Federal Way schools will make progress in the next few years. The district is expected to make improvements to existing schools and build new schools to accommodate the growing population.

9 Federal Way businesses — Federal Way businesses will continue to grow and thrive.

10 Federal Way residents — Federal Way residents will continue to enjoy the community's growth and development.

Do you want spraying — on days that are any longer than 10 months after opening.

County budget — Even though the overall impact of the full effect of King County’s 1988 budget on Federal Way-related issues remains to be seen, the budget has been a boon for the city. The city, which has a $2.7 million budget, has seen a $2.7 million increase in general fund spending this year. The budget is expected to provide $2.7 million in capital expenditures. The budget also includes a $2.7 million purchase of the former Water Bond of the ball, Hill signed the J5 and creation of a precinct here leads to full funding for DARE and $2.7 million of the watershed following Hill's help led to passage of the Federal Way condominium complex that killed five children and $2.7 million of the former Kilo Junior High School revelation his history of child-abuse convictions. The Federal Way Schools are taking steps to look at their student records and $2.7 million of the former Kilo Junior High School, says the "The secret is getting to the..." problem. Tomlinson says study is key to stopping busts

Continued from A-1...

TOMLINSON was one of the early opponents of incorporation in Federal Way. He is currently a member of the City Council and has been involved in local politics for many years. Tomlinson supports a study of the feasibility of incorporation, which he believes is necessary to determine if incorporation is the best course of action for the city.

"It's a sheltered area. The neighborhood is in a position where it can have its own police department," Tomlinson said. "But it's a question of whether we have a department that's capable of doing the job."

TOMLINSON also supported a ballot measure to incorporate the city of Federal Way in 1985. He was a member of the Citizens for Federal Way Committee, which supported the measure. Tomlinson said he intended to run for a seat on the Federal Way Community Council if the measure passed.

"I'm not going to say it's a done deal, but it's pretty close," Tomlinson said. "We're going to have to see what happens in the next election."

**TJ girls raid Indians**

*The News*

The News

The Thomas Jefferson girls' basketball team posted a 49-48 victory over Auburn High School on Saturday night to take the South Puget Sound League championship. Jefferson scored a game-high 16 points, but the Raiders still fell to the Trojans, 72-42.

**TJ girls raid Indians in two overtime, 49-48**

**By BOBBY MINSKY**

It's been a long time between wins for the Jefferson girls' basketball team.

Bob Ferguson had not had a championship appearance since his senior year at Federal High School in 1968, when the South Puget Sound Hills High School team won the AIA Southeastern Division title.

Ferguson, a 1969 Federal Way girl, was a stand-out performer in football, basketball and track on his way to the University of Washington under former coach Jim Owen.

He is now assistant director of football operations and director of officiating personnel for the Bills, who opened their playoff look at home to Rich Rodman against the Houston Oilers.

Ferguson had a ball and basketball teams. The 1969 Federal Way football team captured the South Puget Sound League title before losing to North Puget Champion Renton in the championship of the old South Puget Sound League, in basketball, the Eagles were 19-2 for the season.

Ferguson is a three-point player on the floor, and continues to work on his game.

"If there is a trade (in the league) and I don't know about it, my job is on the line," said Bob Ferguson.

**Girls' Basketball**

Senior guard Jolie Gilbert was named to the All-Ball team for her play in the season finale. Gilbert scored 16 points in the final game against Auburn, helping the Trojans defeat the Raiders, 49-48.

The Trojans will now focus on their playoff run, hoping to claim a league championship.

**Jefferson comes close to Braves in battle for third**

By BOBBY MINSKY

The Thomas Jefferson boys' basketball team finished fourth out of four teams in the South Puget Sound League. The team finished with an 0-4 record.

The team was only able to post two wins in the league, including a 90-80 victory over Puyallup.

The team was led by senior center Eric Sonnenfeld, who scored a game-high 21 points, sinking an equal number of field goals, including a three-pointer.

Sonnenfeld answered with a three-pointer and steal to cut it to 51-48, and Wells was fouled again six seconds later to cut it to 53-48. He was successful on both ends, as Jefferson already had played 19 of 20 games in the league.

**Regional indoor soccer playoffs to be held in Tacoma next week**

Jefferson's soccer team is looking to advance to the regional playoffs next week.

The boys' soccer team is seeded third in the region, and will play their first game on Tuesday, March 30.

Jefferson is playing an important role in the local soccer community, said Richard Page, the boys' soccer coach.

Page said the boys are eager to play in the tournament, and are looking forward to the challenge.

"We want to win," said Page.

**Washington Post**

"It was a pretty talented one," Ferguson said.

"We've been working on this for a long time," he added.

"We're looking forward to the conference tournament," Ferguson said.

### Federal Way grad came from an outstanding class of Eagles

Continued from A-3

Mike Shannon, who along with Bob was captain of the football team as a senior, has been a full- time career at Oregon State as a secondary career teaching mathematics and as a part-time career at the University of Washington as a student athlete and student. Mike plans to be an occupational therapist.

"There's very little that you can't do if you trained right, and that's exactly what he trained to do," said Murphy that Ferguson's entire class at Federal Way.

"It was just one of those incredible classes that had that special quality of an outstanding student-athletes and Bob was really one of those.

The Eagles also were talented in basketball, as they finished third at the Region III tournament at the University of Puget Sound after beating league leading clubs.](

### Tacoma hosting indoor playgrounds

Winter in the Northwest offers special getaway

Winter in the Northwest is not all skiing and snowmobiling — although both are certainly part of it. The wide variety of climate and terrain offers a multitude of other walking opportunities.”

---

### Exploring the Northwest

The lodges, in fact, were first built in the 1930s as a part of an organization that once offered a mixture of hotel and camping experience. Among the many that continue to offer similar opportunities is the Painters Lodge, a small, rustic backcountry lodge located on the painters 12,000-acre property in the Western District. The lodge is located on the 1936-56, in the 1920s and 1930s.

The lodge is nestled in the mountains and is a short and longer year-round hiking destination. The lodge is open to the public and is open during the summer months. The lodge is located in the Western District and is open during the summer months.
