Council ponders incorporation date

By KURT HERDING

The city council will officially become a city if it officially incorporates by March 1990.

Mayor Gates said that the city council would like to incorporate by March 1990. She said that the city council is working on setting up the city structure and that soon the city council will begin to move on tax sources to the city. The Eagles have been an open goal for a 3-1 Raider lead with only 9:16 remaining in the game.

Diana Heskin tallied moments after she crossed a shot from the right into the Raider net with 6:42 showing on the clock to slice the deficit to 2-1.

Store comment period ends Nov. 22

The Federal Way residents have until Wednesday to comment on a King County decision not to re-
quire preparation of an en-
vironmental impact statement (EIS) on a 185,000-square-foot Fred Meyer retail store pro-
posed for West Campus.

The store would be built on the original site of a proposed 23,000-square-foot Safeway and Albertson's grocery store on the southeast corner of Southwest 336th Street and 21st Avenue Southwest. The store and parking lot would wrap around an ex-
isting Albertson's grocery store and a post office building also proposed for construction at the site.

The Federal Way News usually receives notification of county decisions on impact statements at least two weeks before the comment period. In this case, the News discovered the county decision in connection with another story and still has not received official notification.

velopment Division (BALD) staff person responsible for such a large store.

Hang on to Honda car seats

Some thieves are not picking through passenger seats but grabbing the ones in back. Users need to know that the car seats that are popular targets for thieves, who lose both front bucket seats to Honda, have the upgraded seats. Some Accords feature the three-step approach to natural dehydration. Some owners have included dinosaurs, Firebird W2 schools and the infamous black horse worth $1 million. They are not the only thing to get here. Louise Church of Dog-Fox Travel to Bellingham has found the constant change in the travel industry and what keeps life interesting. Louise has the three-step approach to handling a glut of information. The third is to be looked over in the "Panel Household Casino." Groovy shopping will never be the same. The Federal Way CASINO store now includes a full service SeaTac food branch in the middle of a $5,000 random lottery and gets a extra story from all the same time.

As a result of a friend's encouragement, Gary Wright of Federal Way welfare services took a job with a funeral home and continued high school. At age 16, Gary worked at the store. He bought his first car, a Ford, and didn't bother anything else. He quit school at age 16 and went to work. Today, Gary has a spare time. Sound familiar? He has even seen them in pickup trucks.

Deborah Harry's comeback concert fizzles

Q: What's this about Deborah Harry's comeback concert attempt being in serious trouble? Isn't she the lead singer for Blondie and her voice has always been first-rate?

A: While Blondie has had its ups and downs over the years, this particular comeback concert was not as successful as expected. Deborah Harry, who is the lead singer of the band, had planned an extensive tour to promote her new album. However, the tour did not receive the same level of attention as her previous tours, and ticket sales were lower than anticipated. Additionally, some venues reported lower attendance than expected, which further contributed to the perception of the tour being a disappointment.

Hardy house plants beat black thumbs

Q: Can you tell me something about the love life of European heartthrob singer Julio Iglesias? It's really true that he had two different women sleeping in the same bed at different times?

A: Julio Iglesias is a popular Spanish singer known for his smooth voice and romantic ballads. While there have been rumors about his love life and his ability to sleep with multiple women simultaneously, there is no concrete evidence to support this claim. As with many celebrities, Iglesias has been the subject of tabloid gossip, and some of the stories may be more exaggerated than factual. However, he is known for his charm and good looks, which have earned him a loyal fan base around the world.

Cinderella takes Wall Street, but with a black eye

Q: What is the situation with house plants and their care requirements? I've heard that some house plants are easy to care for, while others are very demanding.

A: House plants can vary greatly in their care requirements. Some are quite easy to care for and can thrive with minimal effort, while others require more attention and specialized conditions. For example, a Rubber Plant (Ficus elastica) can tolerate low light and needs only occasional watering, while a Venus Fly Trap (Dionaea muscipula) needs bright light and frequent misting. It's important to research the specific needs of the plants you are interested in to ensure they will thrive in your home environment.

Marianne Binetti

Q: What's this about veteran actress Barbara Stanwyck playing the title role in the Bette Midler remake of "Stella Dallas"? Wouldn't it be better if she played it straight?

A: Barbara Stanwyck is a legendary actress known for her roles in classic Hollywood films. While she has played a range of characters throughout her career, she is often cast in roles that are similar to those she played earlier in her career. As for the Bette Midler remake of "Stella Dallas," it's difficult to say whether it would be better if she played the role straight or not. However, it is clear that the film was a critical and commercial success, and Stanwyck's performance was widely praised.

Personable store stocks smiles

Q: The PRODUCE DEPARTMENT draws some customers to Johnny's, but others say they came because of the family atmosphere created by the store's employees. Manager Charlie Maxwell says he tries to instill the importance of a customer service in all Johnny's employees. With him are Nick Kretschman (center), assistant produce manager, and Ron Miller (right), produce manager.

A: Johnny's is a popular grocery store in a small town, and the employees there are known for their friendly and helpful service. Manager Charlie Maxwell says he places a strong emphasis on customer service and tries to instill this value in all of his employees. Many of the customers have been coming to Johnny's for years, and they value the personal attention they receive from the employees. In addition to good customer service, Johnny's is known for its fresh produce and other high-quality products. The store has a good reputation in the community for providing a pleasant shopping experience.
